2020 Year in Review

Our Mission

To provide counseling, support and care to anyone with a serious illness, so they may live life to the fullest.

Our Vision

We are deeply committed to giving people the clear information and loving support they need to make informed choices about their care.

2020 in Review

This was a year unlike any other—one that brought fear, uncertainty and unimaginable challenges. The pandemic upended our work and threatened our very way of life. Yet it united us in ways we could never have predicted. I am proud to say that we rose to the occasion. Together with your unwavering support, we weathered the storm. We are stronger than ever, with a daily census of more than 1,000 patients for the first time in our history.

When I think back on all that we've been through this past year, three words come to mind: resilience, innovation and compassion. In the face of enormous stress, our frontline workers never buckled under pressure. Fear, exhaustion and disappointment were quickly replaced with bravery, unity and hope. Our teams never gave up—continuing their vital care to make sure patients and families were never alone.

As COVID-19 cases rose across the state in mid-March, Gilchrist rapidly implemented innovative ways of delivering care. Telehealth and virtual visits became the new norm for many of our services, while in-person visits continued for essential care. To keep our staff safe, we acquired \$700,000 worth of personal protective equipment—an expense that was unforeseen and therefore unbudgeted. These new measures were costly, but we knew we could count on our philanthropic community who generously contributed to the Gilchrist COVID-19 Support Fund.

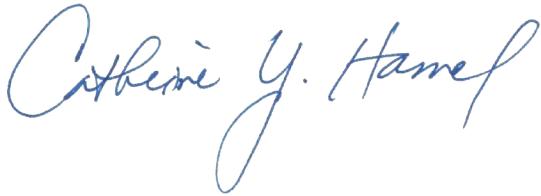

As we learned patients in area hospitals were dying alone, we wanted to give people a more compassionate alternative, allowing a loved one to be by their side in the final moments of life. To meet this need, Gilchrist opened a dedicated COVID inpatient hospice unit at Gilchrist Center Towson. As the only unit of its kind in Maryland, it attracted patients from across the state.

Compassion is one of Gilchrist's defining characteristics, and it has never been more evident than now. When I look around, I see compassion in the faces, words and actions of our devoted nurses, chaplains, social workers and aides. They know there are still fears to calm, smiles to share and hearts to heal. Our staff members embody compassion in its purest form, and they bring a measure of peace to families that will never be forgotten.

I am awed by what we have accomplished at Gilchrist, and I am inspired by our philanthropic community's support, which makes our work possible. As a generous and loyal supporter, you have shown that you value our commitment to care and support for serious illness as much as we do. In our time of need, you were there.

**On behalf of our patients, their families and all of us
at Gilchrist, thank you. Your support means more
than you know.**

With Gratitude,

Catherine Y. Hamel, MA
President, Gilchrist

Gilchrist is a nationally recognized nonprofit leader in serious illness and end-of-life care. These are a few of our numerous certifications and achievements over the last year.

WE HONOR VETERANS

THANK YOU

for helping people with serious illness
live life to the fullest.

Philanthropy is invaluable to everything we do.

Because insurance does not cover the full cost of patient care—and because Gilchrist accepts every patient, regardless of ability to pay—we rely on generous supporters to fulfill our mission. Your gift means patients and families can focus on spending cherished moments together, instead of worrying about finances.

To reach the Gilchrist Development team, please call **443.849.8241**.
