

A Commitment to Your Community

gilchrist

2022 Year in Review

Our Mission

To provide counseling, support and care to anyone with a serious illness, so they may live life to the fullest.

Our Vision

We are deeply committed to giving people the clear information and loving support they need to make informed choices about their care.

The Power of Community and Philanthropy

When a friend or neighbor is in need, there is no greater gift than rallying together as a community to help. In the same way but on a grander scale, you and other generous supporters have shown that extraordinary things happen when the community unites with a shared purpose. This past year, your philanthropic support helped provide comprehensive and compassionate care to thousands of individuals in need—ensuring that no one in our community would have to struggle alone with serious illness.

Together with the community, Gilchrist reached significant milestones in 2022 that have helped us serve more people. Most notably, we opened our long-awaited William L. and Victorine Q. Adams Gilchrist Center Baltimore, enhancing our hospice services for disadvantaged city communities. And with the collective partnership of more than a dozen community organizations and support from the Maryland General Assembly, Gilchrist and GBMC are addressing health disparities in Baltimore City—providing medical care and support for underserved city residents and helping with needs like transportation, food insecurity and legal services.

The greatness of a community is most accurately measured by the compassionate actions of its members.

– Coretta Scott King

Even as the pandemic continued to throw challenges in our path, Gilchrist expanded our reach while bringing care closer to the communities where patients and families live. In Anne Arundel County, for example, we launched a joint venture with Luminis Health to provide a full continuum of care for senior residents. Throughout our larger service area, we have fully integrated our care teams and administrative staff into each neighborhood we serve, with a focus on building community partnerships to bolster care networks and support services. Ultimately, these connections with our neighbors help us better tailor our care to the needs of the residents who live there.

None of this work would be possible without you—our wonderful community of philanthropic supporters. We are so grateful you have chosen to partner with us to make the community a better place. On behalf of Gilchrist and all of the patients and families we serve, I want to extend my deepest gratitude for your generosity this past year. Thanks to you, we can continue providing the highest-quality compassionate care, counseling and support to anyone with serious illness, regardless of their ability to pay.

Gilchrist is a nationally recognized nonprofit leader in serious illness and end-of-life care. These are a few of our numerous certifications and achievements over the last year.

THANK YOU

for helping people with serious illness live life to the fullest.

Philanthropy is fundamental to everything we do.

Because insurance does not cover the full cost of patient care—and because Gilchrist accepts every patient, regardless of ability to pay—we rely on generous supporters to fulfill our mission. Your gift means patients and families can focus on spending cherished moments together, instead of worrying about finances.

To reach the Gilchrist Philanthropy team, please call **443.849.8330** or visit gilchristcares.org/give.
