## Our Mission

To provide counseling, support and care to anyone with a serious illness, so they may live life to the fullest.

## Our Vision

We are deeply committed to giving people the clear information and loving support they need to make informed choices about their care.

Our life-affirming programs ensure that our patients have the best possible quality of life and the opportunity to **live every moment** to its fullest.

# Live Every Moment

It is tempting to characterize 2023 as a year of change – both for Gilchrist and our nation. Without question, more than enough transpired during the past 12 months to support this claim. But as I reflect on the 365 days that preceded this one, I can't help but conclude that while it is true that much has changed, much more change is needed.

The COVID crisis exposed just how unprepared so many are for our own death and dying. We wouldn't dream of neglecting any other stage of life, such as infancy or our teenage years. So let's stop neglecting this one. With attention and informed intention, we can live every moment well, full of memories that will fill the hearts of those who love us and live with them forever. If you have not yet shared your wishes for end-of-life care with your loved ones; we hope you will consider doing so in the next year. This brings me to a few achievements from the past 12 months that I want to highlight for you.

As I hope you have seen on television or heard on the radio, we launched an advertising campaign that features those who know us best – families we have cared for – speaking in their own words about what our care meant for them and their loved ones. Research has already revealed that this initiative has helped to raise awareness in our region about all that we can do when someone has a serious or terminal illness, about how this special customized care empowers patients and enriches their lives, as well as those of their family members. We're genuinely thrilled by the impact this initiative is having.

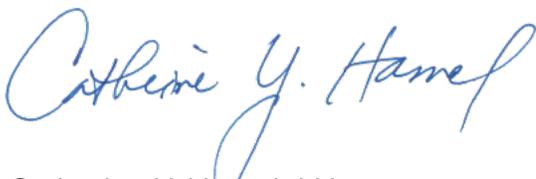

Also this year, Luminis Health Gilchrist Lifecare Institute – our joint venture with regional healthcare provider Luminis Health – began to offer elder and hospice care in Anne Arundel County. Through this innovative partnership, we are extending our reach to provide the highest quality counseling, support, and care to even more Marylanders with serious illnesses so they may live life to the fullest. Our success in Anne Arundel County has led to our very recent expansion into Prince George's County, Maryland's second most populous subdivision with nearly one million residents.

Last but certainly not least is an inspiring accomplishment for which our generous supporters deserve all of the credit. The past 12 months were extremely challenging financially, due in large part to continuing effects of the pandemic. As you know, Gilchrist is a nonprofit organization that offers an array of beloved and valuable services that are not funded by insurance and that cares for all patients regardless of their ability to pay. We're only able to do this because of your charitable contributions.

I am forever grateful to each and every individual, foundation, and company that stepped up on behalf of our patients and families.

You are all heroes in my book.

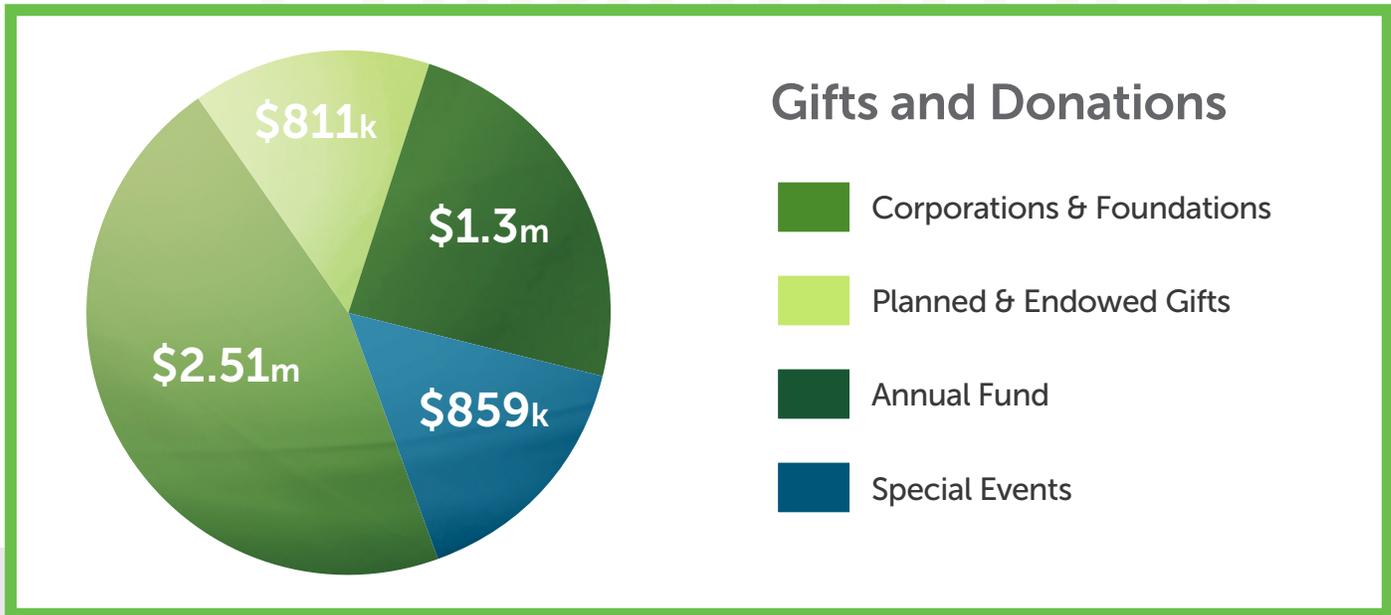

Sincerely,

Catherine Y. Hamel, MA  
*President, Gilchrist*

## Philanthropy is fundamental to everything we do.

Because insurance does not cover the full cost of patient care—and because Gilchrist accepts every patient, regardless of ability to pay—we rely on generous charitable support to fulfill our mission. Your tax-deductible gift means patients and families can focus on spending cherished moments together, while living every moment of life.

To reach the Gilchrist Philanthropy team, please call 443.849.8330
